5 Prior to the issue of order taking over the management of the three hospitals at Davangere by Govt, the Municipal council, Davangere and the Dist Bd, Chitaldrug were paying an annual contribution of Rs 7612/= and Rs 8563/= respectively ~~towards~~ Due to the increase in the cost of materials as well the number of in and out-patients the grants of the Local Bodies that were fixed at the time of opening of the hospitals were found to be insufficient and the same raised to Rs 10,000/= each The Govt have taken over the control of only management of the hospitals As such it seems that the Local Bodies are bound to pay all the charges that were being paid in addition to ~~their~~ contributions

for maintaining the Hospital, it is seen that the question of maintaining the buildings was not raised nor considered When question should have been considered then alone the Govt issued orders accepting the fixed contribution of Rs 10,000/- in the year 1948 Now the Ex Engr has taken up the question of meeting the annual repairs cost for the years 1953-1954 and 1954-55 for 5 years then & no claim at all Therefore the Hlly were right in assuming that they need not pay any charges towards the annual maintenance of the buildings Now, as the management of the buildings as well as the institution has been taken over by Govt about 6 years back, it is not correct to claim that 1/3 of the cost of the repairs must be borne by the Hlly As the Hlly has to pay a fixed contribution of Rs 10,000/- as per agreement, it does not seem to be correct to indirectly enhance the Contribution by saying that 1/3 maintenance cost must be borne by the Hlly.

Correspondence ending with letter No 444-37, dated the 15th January 1947 from the Senior Surgeon in Mysore, Bangalore stating that the sanctioned grants of the local fund and Tuberculosis Hospitals at Davangere are insufficient to meet the growing demands of the institutions, that from the statement of in and out-patients treated in the Hospitals for the past three years, it is seen that there has been steady increase in the number of patients, that it is obvious that with the growth of the institutions and increase in the cost of all articles, the grants fixed at the time of the opening of the hospitals are not adequate and should be increased, that the President, District Board, Chitaldrug and the Town Municipal Council Davangere, who were addressed, have agreed to pay a fixed contribution of Rs 10,000/- each per annum towards the maintenance of the Local Fund, Maternity and Tuberculosis Hospitals at Davangere and requested that the management may be taken over by Government and requesting therefore approval of Government for taking over the management of the Local Fund, Maternity and Tuberculosis Hospitals at Davangere, by Government allowing the local Bodies to pay a fixed contribution of Rs 10,000/- per annum
